Why should you rent a power generator?

Our power generator rentals supply consistent and reliable power under difficult conditions for any length of time. At Sunbelt Rentals, we work with well-known utilities and electrical contractors to provide industrial power solutions during both planned and unplanned power outages.

Does Sunbelt Rentals have a generator?

From emergency and portable power generation to supplemental or temporary power needs, Sunbelt Rentals has a reliable generator for your job site or facility. We can make sure you have a dependable source of backup power to fully support your preparedness plan or help you meet outage situations.

What equipment does Sunbelt Rentals power offer?

At Sunbelt Rentals Power we can offer a complete power management solution that will be tailored to meet your requirements. Our equipment ranges from 15kVA to 1250kVA, alongside other specialist equipment available in our fleet including battery powered units, energy management systems, greener solutions, fuel tanks, cabling and distribution.

Where can I rent a power generator?

From movie sets, large events, festivals, to outdoor celebrations, Sunbelt Rentals provides dependable power generator rentals for entertainment venues and special events of all sizes. From initial site survey and installation to event manning and teardown, our power generator experts are on call 24/7 to walk you through every step of the process.

What equipment do you offer a power generator rental company?

We also offer a vast inventory of complementary power generator rental equipment and accessories including switchgear, distribution, load banks, fuel tanks, transformers, ground protection, and more. When disasters strike, whether natural or man-made, your facility's day-to-day operations stand the risk of complete shutdown.

Can I rent a generator?

Rental generators offer a great backup service for essential occasions and when there's a sudden disruption to electricity. We offer diesel or propane generators that can be rented with equipment and related products. Have any questions? Talk with us directly using LiveChat.
