

The best solar charging panel products

Which solar charger is best?

Editor's Note: Our solar charger review was updated on November 13, 2024, to give more detailed comparisons. The Jackery SolarSaga 100 once again is our favorite high-wattage solar charger. This lightweight panel is more affordable than most 100-watt solar panels and also performs as well as the best of them.

What is a portable solar charger?

A portable solar charger is used to power your device when you're away from power outlets. We took this into account when we chose to weight direct solar charging speed the heaviest in our testing metrics. It's also no surprise that some of our highest-scoring panels in this metric were chargers with the largest capacity.

Which solar charger is best for camping?

The Goal Zero Nomad 50 is a larger solar charger that also wins our award for Best Solar Charger for Car Camping and Best Solar Charger for Basecamping and our Best Upgrade Solar Charger award. At 50 watts, it's the biggest and heaviest solar charger we tried.

What are the best solar chargers & power banks?

Take a look at our top picks which include brands like Electrify America, Blink, and ChargePoint. Solar chargers and power banks use the sun to generate electricity, so you don't need a wall outlet. It's convenient, especially when inclement weather knocks out power.

Are portable solar chargers a good idea?

Portable solar chargers don't have this problem, and as long as the proper conditions are met, they can provide a practically unlimited supply of electricity for your mobile devices, flashlights and battery packs or portable chargers. Compact and lightweight, they're perfect for camping, travel and emergency use.

Which solar panels are best for charging your devices?

The kickstand is made with a thin, centered style that adjusts up to 180 degrees, making it great for sliding on a backpack loop for charging your devices as you walk (but be careful--solar panels get hot!). EcoFlow's Bifacial solar panel stands as the best option for heavy-duty charging.

The BigBlue SolarPowa 28 impressed our testers with its ability to balance portability and solar charging efficiency better than any other solar panel we tested. This model has impressive solar charging abilities in ...
